

NORAD - USNORTHCOM

Operational Contract Support

18 February 2009

**Maj Miller
N-NC/J4**

Overall Classification of this Brief is **UNCLASSIFIED**

Purpose/Outline

- CSIP/CMP Development
- OCS External Events & USNORTHCOM Synchronization
 - OCS CONOPS, JCASO
- Interagency Opportunities & Challenges
 - DHS/FEMA
 - NGB
- CCO Toolbox

CSIP/CMP Development

- “Moving on out...”
 - CSIP/CMP developed and refined over last 18 months
 - JOPES format may drive change; AOR uniqueness must be considered
- Primary plans containing Annex W
 - Defense Support of Civil Authorities (DSCA), CONPLAN 3501
 - CBRNE Consequence Management, CONPLAN 3500
 - Emergency Preparedness in the NCR, CONPLAN 3600
- Contractor Management Plan
 - Appendix in place but ... requires greater collaboration across entire command

UNCLASSIFIED

OCS External Events

USNORTHCOM Synchronization

- External pressures/timelines appear to place many OCS related events on a fast track.
- Apart from initial coordination, USNORTHCOM has had no continuing visibility into program development:
 - OCS CONOPS
 - JCASO CONOPS
- OCS Planning Conference and COI Meetings are good collaborative opportunities

Interagency Opportunities & Challenges

- **Department of Homeland Security/FEMA**

- National Response Framework
 - Emergency Support Function #7: FEMA & GSA
- Mission Assignment
 - Defense Coordinating Official, Joint Director of Military Support

BL: Supporting role; opportunities to ID gaps/seams

- **National Guard Bureau**

- United States Property and Fiscal Officer
 - Purchasing and Contracting Office, Base Contracting Office
 - Title 10 Obligating Authority

BL: Opportunities to coordinate, leverage capabilities

Contracting Concept of Support

Interagency Contracting

- Under the *NRF*, DOD provides indirect support through other ESFs (trans, debris removal, ice)
- Interagency effort required to bring all contracting organizations together to synchronize efforts.
- Interagency operations incorporated into OCS?
